

**PRESS RELEASE**  
**(For immediate release)**

Date: February 2002

**MEC Services Ltd & KatAlyst Ltd**

We are pleased to announce a new partnership between MEC Services Ltd and KatAlyst Ltd creating an arrangement for the provision of a full range of business consultancy and training services with immediate effect.

MEC Services Ltd was formed at the beginning of 2000 to provide assistance for both small and large organisations to assist them in achieving their mission through the provision of management education and support through the complete lifecycle of strategic change and IT projects. MEC Services Ltd has concentrated on providing these services to the travel industry and other service industries.

KatAlyst Ltd was formed in 1993. It is a Strategic Business Consultancy addressing organisational change programmes. It stands apart from other Consultancies by specifically ensuring that assignments deliver people benefits in addition to straight financial benefits to the organisation. KatAlyst has brought together senior management consultants with a wide range of experience in organisations in both the profit and non-for-profit sectors, backed by MBAs and other qualifications and an extensive network of partners and associates that increase the range and scope of the services offered.

Under the new arrangement, MEC will continue to deliver existing training services to its clients, but will now offer additional people focused services under the KatAlyst banner including:

- Strategic and Business Planning
- Organisational Development
- Integrated Healthcare Management
- Motivation
- Project Management
- Training and Development

For more information on the range of services we can now offer, including case summaries, plus details on our consultants, please visit the relevant web site or contact us for further details.
